About

BRIDGE is a European Commission initiative which unites Horizon 2020 Smart Grid, Energy Storage, Islands, and Digitalisation Projects to create a structured view of cross-cutting issues which are encountered in the demonstration projects and may constitute an obstacle to innovation. The BRIDGE process fosters continuous knowledge sharing amongst projects thus allowing them to deliver conclusions and recommendations about the future exploitation of the project results, with a single voice.

Highlights

2021 BRIDGE General Assembly takes place on 2nd, 3rd and 4th of March

The next BRIDGE General Assembly presenting the latest developments of the initiative will take place Online on March 2nd, 3rd and 4th, 2021.
